

Luther Home Spring Communique

On the Vaccination Front:

- 97% of our residents have had both of their vaccination shots
- Over 80% of our staff have had their first vaccination shot. Luther Home will be doing a vaccination clinic next week to try and get that number to 100%.

Visitations:

- We are currently hosting 35 – 45 Facetime Visits a week. Please contact Eddie if to book a Facetime visit at: emarion-gerula@lutherhome.mb.ca or phone 204-336-5380.
- In our visitation Pod, we are hosting three to five visits/day. These visits are available Tuesdays through Saturdays. Jasmine is the Visitation Facilitator for this program and will help the residents and visitors with the PPE (Personal Protective Equipment). To book a visit in the Pod, please call Kathryn at 431-339-1882 which is the designated POD phone number.
- We are working on doing some outdoor visits as soon as the weather warms up.
- We also accommodate end of life visits for families.

Recreation:

We have increased our recreation staffing to help offer more programming as our group size needs to be five or less. All the research shows that participation in recreational activities helps to support resident's mental health. All activities are posted on the white board daily. We really encourage residents to participate as much as they can.

Even though hair salons have been shut down due to the pandemic, our hair salon will continue on Fridays. This is due to the fact that our hair dresser is one of our staff!

Families and corporate members can see what some of those activities look like by checking out the BLOG on the website. (click on [Recreation Corner 2021 Pictures](#))

Gardening Club:

We are excited about planting and getting our courtyard planted and ready for summer and outdoor visits. If you would like to contribute bedding plants, please drop them off Mondays 2 -4, Tuesday 4 - 7, Wednesday 2 -4 or Thursdays 2-4.

We will be planting on June 4!

If you have plants (or seeds) to donate, please contact Eddie emarion-gerula@lutherhome.mb.ca or call him at 204-336-5380.
